The Commonwealth of Kentucky, and as such KET, recognizes that continued success in meeting the needs of our clients and customers, requires the full, active participation of talented and committed individuals regardless of their respective race, color, religion, sex, national origin, sexual orientation, gender identity or expression, ancestry, age, pregnancy or related medical condition, marital or familial status, disability, veteran status, political affiliation, or genetic information. By fostering an atmosphere of acceptance and support, we can begin to value and appreciate the strengths afforded by the differences, styles, ideas and organizational contributions of each person.

The Corporation for Public Broadcasting (CPB) supports public media programs and services that inform, educate, enlighten and enrich the public for free and commercial free and that help inform civil discourse essential to American society. It is CPB’s particular responsibility to encourage the development of content that involves creative risk and that addresses the needs of unserved and underserved audiences, especially children and minorities.

CPB helps public media serve diverse audiences and reflect the communities they serve by fostering a public media system that is inclusive in its content, audiences and workforce—regardless of race, ethnicity, gender, sexual preference, religion, culture, point of view and geography.

Goal

In support of the objectives of the Commonwealth, KET and CPB, KET annually sets and reviews diversity goals with the Kentucky Authority for Educational Television and reports on the progress and effectiveness of initiatives to achieve the goals.

KET’s diversity goal is that our workforce and board membership align with the state’s demographics, (as reported by the U.S. Census Bureau), with respect to the following measurable characteristics: Gender, Race and Age. While there are many more distinguishing characteristics among our workforce, these categories are well documented and we have the most accurate data to report.

Additionally, KET continues its commitment to programming and viewer services that reflect the diverse audiences and communities we serve.
Workforce Statistics

At the beginning of each fiscal year (July 1), KET takes a snapshot of the makeup of our total workforce and board membership. Following is a review of that data as of July 1, 2022 as compared to the U.S. Census Bureau estimated data for Kentucky (2021).

US Census Data for Kentucky
Using the definitions of the U.S. Census Bureau, the categories are defined as follows:

- **Gender**: Male or Female
- **Race**: Minority is the total percentage of individuals who classify themselves as non-majority, i.e. non-caucasian.
- **Age**: Those over 40 years of age are included in this reporting category.

2021 U.S. Census Data estimate for Kentucky:
- **Gender**: Male 49.5% Female 50.5%
- **Race**: Minority 17.1%
- **Age**: Over 40 years 62%

(KET’s Goals for 2022)

Kentucky's 2021 estimated census data was used to determine the 2022 goals and measure KET’s performance relative to those goals.

Board Membership Summary

Data for KET’s Authority Board (licensee and governing board) consists of nine members. Five of the members are appointed by the Governor to serve four year terms and the other four are ex-officio (the chief state school officer and designee, and two members appointed by the Council on Post Secondary Education). The KET Foundation Board is made up of the Authority members with the addition of the KET Executive Director/CEO and a representative of the KET Friends Board. As such, KET’s senior leadership has limited ability to impact the composition of the board.

Although we encourage and try to recruit diverse representation on all boards, the Friends of KET Board, Commonwealth Fund for KET Board, Louisville Regional Board, and Northern Kentucky Regional Board are all volunteer boards and self-designating. Most of the volunteers match our viewer demographics, including a number of retirees, and thus are motivated by having the interest and time to participate in the significant engagement efforts and community activities on behalf of KET. As it pertains to KET’s mission of statewide service, KET board members geographically represent and help connect KET to the entire commonwealth.
