‘Kentucky Health’ explores gastrointestinal dysmotility

FOR RELEASE: April 3, 2025

Gastrointestinal dysmotility isn’t just a mouthful, it’s an uncomfortable condition that can cause abdominal pain, bloating, nausea and other unpleasant symptoms.

On a new episode of *Kentucky Health*, Wayne Tuckson, MD, talks with Thomas Abell, MD, about dysmotility. A 2025 KET production.

Kentucky Health
KET Sunday, April 6 • 1:30/12:30 pm
KET2 Monday, April 7 • 2/1 pm
Watch on-demand at KET.org and the PBS App

Kentucky Health is a KET production, hosted by retired Louisville surgeon Dr. Wayne Tuckson and produced by Christie Dutton.

KET is Kentucky’s largest classroom, providing trusted programming, lifelong learning opportunities and essential services to more than two million people each week. Learn more about Kentucky’s preeminent public media organization at KET.org, on X @KET and at facebook.com/KET.
